New Milk Prices Go Into Effect Friday Morning; Oliver's Dairy Has Reduced Production

American Buyers Coming Into District. Offering To Buy Milk Cattle; Twenty Five per cent of All Milk Consumed Is Imported Into Pass Area

Milk prices are on the march again and starting tomorrow morning a quart of milk will be taken from 25c to 24c. A pint of milk will cost 12 cents.

Reason for the increase, according to Pass Dairy officials, is due in the main to two conditions: Oliver's Dairy, Blairmore, has reduced its daily production from 2,000 pounds of milk to 300 pounds; Secondly, from September 1 to 15 25.5% of all milk sold in the Pass had to be imported from either Lethbridge or Calgary at \$5.64 per 100 pounds laid down at Hillcrest C.P.R. depot which was costing more than it was selling to the consumer. The Pass producer who milked his cows, transferred it into cans, put on his truck and delivered them to the Pass Dairy was given only \$4.49 per 100 pounds.

The Journal interviewed Mr. Oliver and found that 60 head were dry at the present time and it was true that they were only delivering 300 pounds of milk instead of the usual 2,000 pounds daily. The most disquieting news, however, was that these sixty head were for sale should any buyer meet the price placed on them. Two or three buyers had been in the Pass in recent days from the State of Washington bidding for the cattle. One Pass producer of Bellevue had been made an offer for his entire herd. Mr. Oliver sr. was in Calgary on Tuesday and planned on having interview with a cattle buyer.

A complete Pass source on milk production attaches some of the blame for decreased local milk production on the recent Federal move which lifted the embargo on Canadian cattle being sent into the States. Beef prices jumped while milk prices remained stationary with the result that the raisers of milk cattle are turning their attention to the raising of beef wherein there is less work and greater profit.

Cubs Captured Crow Ball Championship

Behind the effective pitching by "Lefty" Kimoto and his brother Stumpo, the Coleman Cubs, retained the Crownest Pass baseball championship and possession of the J. K. Ringland cup for a year when they took both ends of a doubleheader from the Natsal Sports Club by scores of 9-5 and 10-2 to end the best-of-five series in four games.

The games were played at the Natsal park and witnessed by a fair crowd.

In the first game the visiting Coleman team went to work and scored in the early innings to hold a nine run lead, only to have the Natsal team bring life in the last two innings to avoid a shutout and score all five runs.

"Lefty" Kimoto, the winning pitcher, was nicked for a total of sixteen safeties but settled down when the sacks were occupied. He struck out six batters.

CONSTRUCTING NEW SIDEWALK

The town workmen are busily engaged this week excavating a base for a concrete sidewalk 120 feet long by six feet wide. The new sidewalk will start at the Legion club and extend down to the creek bridge east of the club. The work is expected to be finished next week.

Advertising ads as a tonic to any head of business enterprise—

NATALIE MINUNZIE TO OPEN CALGARY WOMEN'S MUSICAL CLUB SEASON

Miss Natalie Minunzie, talented young mezzo-soprano who hails from Blairmore, opened the Calgary Women's Musical Club season last evening. She made her concert debut with the Vancouver symphony orchestra, was awarded the Women's Musical Club competitive scholarship, won the ladies' open operatic and mezzo-soprano classes in the B.C. Musical Festival and then the senior vocal championship, highest award of the festival.

Miss Minunzie since has received wide acclaim for her singing, both on the concert stages of Western and Eastern Canada and in C.B.C. network recitals.

Coleman Elks To Furnish 4-Bed Hospital Ward

First Pass Organization To Make Its Gift Official; Gift Expected to Reach \$1200.

To Coleman Elks goes the honor of making official its offer to completely furnish a four bed public ward in the new Crows Nest Pass Municipal Hospital. Last Thursday evening at a regular meeting the members voted unanimously to furnish a ward following receiving a report of a committee of three which had previously been assigned the task of determining just how much a four bed ward would cost.

Elks recently staged a carnival and practically all the proceeds from this venture will be used in financing the ward furnishings.

The Hospital Board is scheduled to meet this evening at which time the Elks gift will be officially brought to its knowledge. The Board has already gone on record that should a hospital organization furnish a ward or donate a piece of equipment of any consequence a bronze plaque would be purchased and adequately engraved giving credit to the donor, the plaque to be hung in some conspicuous place in the ward or on the wall nearby.

Last year Blairmore Slovak Society donated \$25 to the hospital.

T.B. Clinic Starts Work This Evening

Local Committee Had Made Arrangements To Start The Clinic Working Last Monday; Not Notified of Change of Date Until Last Minute.

There was an unfortunate mix-up on the T. B. Clinic's scheduled arrival in Coleman this week with the result that the schedule drafted last week following the canvass of the town by the high school students went by the boards.

The local committee had been given to understand that the Clinic would be ready to go to work in Coleman on Monday morning, Sept. 27, at 9 a.m. and stay here throughout the week. A schedule covering over 2100 persons was drafted and mailed to everyone advising them the date and hour to report. At 6 p.m., Saturday evening a wire was received stating the Clinic would arrive in Coleman Thursday, Sept. 30. Hurried phone calls to Lethbridge resulted in making it quite clear that it was physically impossible for the Clinic to arrive here Monday as it was only leaving Edmonton on Monday morning enroute to Coleman.

As a result Monday's schedule is being run off to-day. Tuesday's schedule will be run off to-morrow. Since the school children scheduled for Wednesday will not be X-rayed in a body as planned on the Saturday morning anyone wishing to be X-rayed are asked to attend the Clinic Saturday morning. Those scheduled for Wednesday evening should attend the Clinic on Saturday evening. There will be no clinic on Sunday and the following week those miners who have changed shifts will have to attend the clinic whenever they have the opportunity of doing so regardless of schedule.

The Clinic will remain here until Tuesday evening. Work hours will be from 9 a.m., to 12 noon and 6 to 9 p.m. The Lions committee in charge of the Clinic wish to publicly thank Principal David Hoyle for his co-operation in permitting his high school students to canvass the town and do the great

THE MOTORDROME GARAGE REPAIRS IMPROVEMENTS

Texaco Company has just completed renovation of the Motordrome Garage.

A ceiling has been placed immediately above the girders and shits off a large area of space which reached high above the girders. The new ceiling has improved the lighting tremendously as the white ceiling reflects the light to the floor instead of permitting it to be absorbed in the upper reaches of the garage.

The east side of the garage floor has been relaid with new concrete and now permits a new smooth floor.

A new lighting system is contemplated for the near future.

Fish & Game Assoc. Gives Attention To Stream Reclamation

A meeting of the Coleman Fish & Game Association was held in the Grand Union Hotel, Sunday, September 26. A fairly good attendance was present but the club executive committee like to see a much more representative gathering for the next regular meeting, as a matter of great importance to all Sportsmen will be thoroughly gone into. The matter in question being the grazing of all domestic stock in the forest reserve areas. This matter was raised at Sunday's meeting but could not be dealt with, for lack of time, this will be fully covered by a joint member at the next regular meeting when all facts will be clearly outlined at that time so be sure and attend when notified by card and Journal.

Many matters of importance were dealt with at our last meeting among them being the following: Pump gun plugging, bone regulations as to seasons, one very important point being raised, being the shooting and hunting of game close to their breeding season and the suggestion to be adopted in Fall recommendation of our parent organization to their next regular convention.

Stream reclamation was fully stressed, and a good number promised to be out and on the job with local committees next weekend, and give them a lift along on this important work. As Coleman Club has already commenced their first project on this work, constructing a dam on Allison Creek which will easily raise water a few feet, thus creating a small lake that will easily handle from six to ten thousand trout per year. This will be a great asset to fishing in this area where fishing is at the lowest ebb in the past forty years. So fishermen, we appeal to you, get out and give all the help you can by joining up in the club and getting all the young men and women money collected will be carefully used to increase your sport of both fishing and hunting. Contact your fish and game executive so as to get information from them how a little of your spare time can be best used in supplying voluntary labor on the many projects that will be carried out from time to time. Don't look for alibis old or new. But get into old clothes grab an axe or saw, and get stream reclamation moving fast.

A film showing wild life in the United States was greatly appreciated by all. However the light on the film was not just what we would like to have had, but in film showings in future we will try to have this improved.

We wish to thank all who attended this meeting, and hope to see many more present at our next regular meeting.

Sincerely yours, Executive Coleman Fish & Game Assoc.

Mr. and Mrs. I. Neilson have had as their guests this week their son-in-law and daughter, Chief Petty Officer and Mrs. Roy F. Cain and young daughter of Memphis, Tenn. and their daughter, Mrs. Ray Homm and young son. The visitors along with Mr. and Mrs. Neilson plan on leaving either this morning or tomorrow morning for Vancouver where they will vacation for a couple of weeks with Mr. and Mrs. Perry Loe, of Vancouver and Mr. and Mrs. Harry Douglas, of Langley Prairie.

volume of detailed work involved in a canvass of this nature, to his lieutenant vice-principal Horace Allen who has given much supervision to the canvass and to the high school students who have been a good job very well done.

"Fun For You" Given Good Support In Arena Despite Cold; Local Artists Show To Advantage

Songs, Dances, Comedy And Gifts Kept Interest At High Pitch; Bruce Cox And Germaine Le Clair Crowned King And Queen of Show

It was a case late Thursday and Friday nights where the show must go on regardless of how cold it might get. "Fun For You" did go on and in an unheated arena which was the only place large enough to seat the anticipated attendance at the Coleman Lions Club latest community effort. Despite the bitter cold a surprisingly good crowd attended both evenings' performances and the show was a success.

Lion members had erected a stage in the middle of the arena and had sliding curtains which were controlled by manpower and were opened and closed to denote change of scenes. Jim "I've been warmer at a hockey game" Cousins played the part of Harry Von Zell, well known radio announcer and with his ready wit played the part very well.

Director Miss Mary Wainwright welcomed the audience to the show and on Friday evening had the pleasure of announcing the winners of the baby popularity contest which had been in progress for the past week. Bruce Cox was announced as King of the Show while the Queen was announced as Germaine Le Clair. Brent Fraser won the title of prince while his princess was Vivian La Cree. The Duke was Danny Polski and his Duchess Cathleen Tieson.

Fred Guerdar as Joe Kelly, Jack Jones as Uncle Ezra, Harry Holmes as Duke of Paduack, Polly Purvis as Minnie Pearl, Joe Lothian as Gary Moore, Frank Duncan as Dr. I. Q. and Eldio Mascherin as the singing commercial announcer showed their previous training in other dramatic shows and carried their parts in aggressive style. They were really good.

Frank Mascara as Al Jolson impersonated the comedian in grand style and received much applause. Karl Johnson and Mrs. Frank Duncan were two other outstanding artists as they sang solos much to the enjoyment of the audience.

Accompanists on the piano were Mr. Bobby Blake, Miss Pat Fraser, Mrs. F. Duncan and Stanley Kilsh. John Graham was violin accompanist.

The children's story hour opened the program and featured a number of youngsters seated on the stage and singing a lullaby. The Tell-A-Story-Lady was Miss Rita Ash.

The Boys Rackettes comprised a group of young ladies who put on a couple of dances. These young ladies are to be commended for their performance which, although it couldn't be classed as professional, nevertheless required nerve to dance in their abbreviated costumes

when it was so cold in the arena. The Barn Dancers kept up a dizzy pace with their square dances. Here was seen the training achieved in the high school dance classes and Janet McCulloch, Julia Kapalka, Alaina Sorroff and Katherine Nakoff as well as their partners Vince Roubka, Stan Kwansy, Don Cherry and Frank Kuran gave a good show and appeared to enjoy themselves to the full.

Frank Duncanson as Dr. I. Q. with assistants Jim Cousins and Eldio Mascherin enjoyed themselves asking questions and giving away chocolate bars on questions muffed and silver collars to those answering correctly.

Joe Kelly, alias Fred Guerdar, introduced radio's headlins among them being Uncle Ezra, Duke of Paduack and Minnie Pearl. All were good.

Joe Lothian as Gary Moore made quite a hit. Joe had a good grasp of his role and with the aid of numerous gifts was a very popular young man before he went off stage.

One of the friendliest gestures that a fellow citizen could receive from a local organization was given by George Jenkins by the Lions Club during "Gary Moore's" act. The gift, a large cake, was given Councillor Jenkin for good citizenship. Mr. Jenkins in addition to his duties as councillor is also chairman of Coleman Community sports association. He is ever ready to give help to any worthy community activity and this spring during fire and flood worked like a Trojan to bring them under control.

Mr. Joseph Atkinson, sr. was presented with a beautiful corsage for being the eldest lady present on Friday evening. Mrs. Harold Nelson won the wishing ring when her number was called from the stage.

The last act, that of a historical setting depicting the progress of our Dominion, was well done. Here a number of ladies from the Order of the Royal Purple took part in white uniforms and had ribbons attached each bearing the name of one of the nine provinces. Two R.C.M.P. in scarlet uniforms represented two non-provincial areas in the Dominion. Canadian industry such as mining, agriculture etc. were depicted by workmen from each industry. A group of young ladies depicted Canada's youth marching steadily and with confidence into the future, a future in which Canada is still a member of the Commonwealth of Nations.

Many youngsters took part in the show and all, while a little nervous, did a mighty good job.

NOTICE TO OUR MILK CUSTOMERS

From the 1st to the 15th day of September, 1948, this Company imported 25.6% of all milk received. More would have been imported had it been available and indications are that, if the demand is to be met, a much larger percentage will have to be brought in.

The only known sources of supply are in Calgary and Lethbridge and the cost laid down at Hillcrest is \$5.64 per 100 lbs., as compared to \$4.49 paid our producers.

Obviously this imported milk can not be sold at prevailing prices. Furthermore our producers have requested an increase in the price paid to them.

It has been decided to increase the price of milk by 2 cents a quart and to pay the producers an increase of 38 cents per 100 lbs. The balance of the increase is required by the Company to pay for the imported milk, increased wages to employees and other increased costs.

Commencing October 1st

1948, the following prices will prevail:

QUARTS, retail..... 21 cents
QUARTS, wholesale..... 19 cents
GALLONS, wholesale..... 73 cents
PINTS..... 12 cents

PASS DAIRY LIMITED.

OUR COMPLETE SHORT STORY—

The Lady and the Mouse

By Lila Lennon

Words Were Different
From The Dream, But
Scene The Same.

TESS had a problem. And when you talk to discussing your problems with a small, friendly grey mouse—it's time for action.

The mouse's name was Roger, and he was a nightly visitor in the Blair kitchen. The first time he and Tess met, they stared at each other a moment, and when Tess said "Hi!" and tossed him a nibble of cheese, he decided it was safe to stay. Each night thereafter, but only when Tess was alone, he came out for his cheese.

Tess sat dejectedly on a tall kitchen stool, polishing off a sandwich and a glass of cold milk. "You see, Roger," she addressed the mouse in the corner. "It's this way. I'm in love with Jeff. I have been, ever since we were kids."

Her tone was wistful, and it was no trouble at all to picture Jeff Davis. Tall and clean-lined, eyes that crinkled at the corners when he laughed—a shock of unruly red hair—Tess continued plaintively, and Roger twitched his nose understandingly.

"The trouble is, Jeff just doesn't see me as a desirable woman. I'm the hey-boy kid, and a swell pal. I can swim and sail a boat. I can ride horse-back and ski. I can bowl ... I can do all the things he does, and just as well, because he's spent years teaching me how."

"Pal," she said disgustedly. "If he calls me that just once more, I'll bark like a dog!"

Roger made a tiny squeaking sound. "What's that? Oh, yes, he'd give me the shirt off his back, but I don't want it," unless his arms are in it, and around me."

Roger made a careful circuit of the kitchen and came back to nibble. Tess sighed. "What can I do, Roger? I've tried. The night I wore that seductive hostess gown, he asked me if I was sick. The time I did my hair up on my head, he told me

to stop playing grown-up. And when I tried that new perfume, he wrinkled his nose and said, 'What's that, biggie water?'"

She waved the empty glass dramatically. "See what I mean? It's very discouraging, being in love with a guy who used to watch your mother change your diapers!"

Tess continued mournfully. "Here I am, twenty, and developing a neat frustration complex. I'm positively haunted by a dream ... I've had it for years and years!"

Tess hugged her knees. The same old dream, with variations, of course. But, the moment always came when Jeff held her close and whispered, "Daring ... I adore you." Or Jeff, his voice rough with demanding desire ...

"You're mine ... mine!" Cold fingers tapped her spine, and Tess shivered. Roger twitched his nose sympathetically, but went right on eating. Tess eyed him. You don't care at all do you?" she accused. Roger trembled with dignity.

"I'm really worried," she continued slowly. "Especially since that chic five-foot piece of fluff, Ivy, came to town. She's little and cute and cunning. She bats her eyes at Jeff and makes his so-o-o big and strong! And Jeff, the goon, positively drools!"

Tess snorted, and Roger jumped. "I'll bet she'd even be afraid of you, Roger. She'd scream and fling herself into Jeff's arms!"

Roger stared at her unwinkingly, and Tess stared back. "Roger!" she exclaimed.

The idea held her entranced, and Roger nodded his head gravely. "You'll have to help," she admonished. "You never come out when anyone's here, but tomorrow night I'll lure Jeff in for a late snack." She shook her finger at Roger.

"See that you put in an appearance, hear?" Roger flicked his tail and stalked to his hole. Tess clicked off the kitchen light and went to bed, but her dreams were persistent. Jeff, holding her tenderly in his arms ... Jeff, murmuring, "Darling. I adore you."

Luring Jeff to the kitchen was a simple matter. It merely meant dangling a baked ham sandwich under his nose. Jeff agreed it was a good night for baked ham. Tess put on a beamingly smug apron and pattered slowly, keeping an eye out for Roger. He was late, the ungrateful wretch!

"Hurry up, woman, I'm starved!" Jeff pointed the table and Tess groaned inwardly. Roger would never show up with all this noise!

At that moment Roger bravely exhibited a twitching nose. Tess let out a screech and clambered to a chair.

Jeff stared. "What's eating you?" he demanded.

Tess pointed at the quivering Roger. "A noise," she whispered. "Oh, Jeff, get him!"

Jeff's mouth fell open and he followed her finger. It was a brilliant lunge, but Roger whirled into the pantry.

"Missed him," Jeff muttered and turned to Tess. She stood high above him, holding her skirt around her. "Are you going to stand up there all night?" he demanded.

"Do you think he'll be back?" Jeff grunted. "After that screech of yours?" He looked up at her. "Imagine, you're afraid of mice! Here, get down."

He held out his arms and Tess climbed straight into them. She hung both her arms around his neck and hung on. Jeff slowly closed his arms around her.

Tess looked at him a long moment, and her lips were very close. Jeff had a hypnotized expression on his face. He couldn't help it, he kissed her. For several seconds, the world whirled delightfully.

"Well," Jeff said at last. "Little Tessie, all grown up! I've been waiting for this day, dope. It's about time."

Tess grinned. The words were different from the dream, but the scene was the same. That's all that counted.

"Roger!" she said softly. (Copyright Wheeler Newspaper Syndicate)

Curb Joy-Riding In Official Cars

VICTORIA, B.C. The British Columbia Government has cracked down on joy-riding in government cars.

After a checkup indicated many such vehicles were being used by civil servants for pleasure driving, the province equipped all cars in its fleet with special red and white license plates, which will make them easily recognizable if driven after business hours.

If this step does not bring results, the province is considering keeping all its cars in a central pool, from which they may only be issued for specified trips.

The first woman to sit on the Polish Supreme Court is Mrs. Zofia Gawronska.

Prairie Farmers Use Latest Machines To Bring In Their Crops

Last word in harvesting efficiency is the "pusher" or self-propelled combine, capable of covering 50 acres in an ordinary working day. Equipped with powerful headlights, these monsters are roaring around prairie fields day and night on the Regina, Sask., plains area, to take off a crop that will yield, in some places, 30 bushels to the acre. The combine has ended the need for harvest excursions from Eastern Canada, since one man on a combine is able to replace a whole threshing crew. The machine shown at bottom was one of the earlier types of harvester combines, tractor-driven, and capable of doing almost as much work in a day as a threshing crew of ten men. The outfit is straight combining a crop of oats. Unusually-ripened fields are usually "swathed" and the swath picked up after a week or more of curing and ripening.—Central Press Canadian.

Plump, Better Turkeys Aim Of Inspectors

WINNIPEG.—The main course of your Christmas dinner is about to get a careful scrutiny out in these parts.

Several thousand turkeys scattered around the prairie provinces their life expectancy only a couple of months—are to undergo government inspection. The object: To provide plump birds with straight drumsticks and well-shaped wingbones for Canadian tables come Dec. 25.

Manitoba, along with Saskatchewan and Alberta, this month will commence its annual inspection of turkey flocks—a voluntary procedure designed to improve the province's methods of breeding, feeding, disease control and management.

Birds to be government-approved—and what bird would want to be otherwise—must be purchased stock. The flock must be free from evidence of disease or parasites and must show "a strong constitutional vigor." The gobbler you'll eye with relish on Christmas Day lived in a "well-designed and constructed house."

A home which had to be kept clean and disinfected. Even the turkey's love-life had to be up to government standards: Approved females were mated only with "AAA," "AA," or "A" grade males.

The inspections last for about a month. Last year 5,000 birds were inspected in Manitoba alone.

The government supervision has made for a better type of bird, agriculture officials say.

"A few years ago turkeys were thin and raw. Now it's a heavier, more plump and thoroughly improved bird."

Pass the gravy, please.

GOOD BULB COUNTRY

VANCOUVER.—The soil and climate of British Columbia appear to offer exceptional possibilities for an expanding bulb industry. Baron Harscoett said here. He said many young Dutch farmers would like to come over to Canada to farm.

The haron is a director of the National and Aeronautical Institute and Museum, Rotterdam.

Pasturized Milk Is Safe.

BACKACHE May be Warning

Backache may be a signal your kidneys are failing to filter excess acids and poisonous wastes from the system. Dodd's Kidney Pills help relieve this condition, often the cause of backache, headache, rheumatic pains or disturbed rest. Dodd's contain essential oils and medicinal ingredients which act directly on the kidneys and help them regain normal action. Get Dodd's Kidney Pills to-day. 138

INDIANS UNDERGO CHANGE OF HEART

CHURCHILL, Man.

Indians of the North River Reservation may have undergone a change of heart.

In July, they would have nothing to do with a visiting Treaty Party, complaining that they wanted the Government to provide a new uniform for their chief. The Indians would not accept their annual treaty money and shunned the party.

But a Royal Canadian Mounted Police officer who visited the reservation recently to bring out a sick Indian reported he received a friendly reception. The Chief shook his hand and expressed the hope of seeing him next summer.

Officials hope it means the tribe will soon be ready to smoke the peace pipe over the treaty money.

Natural Gas Wells Located In Peace River District

VANCOUVER.—Natural gas wells in the Peace River block on both the British Columbia and Alberta side of the boundary have been located by a Vancouver firm which is contemplating construction of a gas pipe line to the coast.

Latest find is on the Alberta side, where a well which was drilled by Pacific Petroleum Company of Vancouver about 20 miles northeast of Dawson Creek, is reported to have returned a flow of nearly 20,000,000 cubic feet of gas daily.

Norman R. Whittall, a member of the group which formed the Peace River Natural Gas Co. Ltd., and a director of Pacific Petroleum, reports that his firm has found gas in several wells in B.C.

One of the wells, near Rolla, B.C., shows very favorable results, he said.

Drillers are following a trend in the district and although showings are good it might be some time yet before a field large enough to supply Vancouver with natural gas might be found.

Gas from Alberta wells is still under control of that province and no indication has been given yet if export will be allowed.

The Peace River company intends to build a line through B.C. to the coast to bring gas here.

The principal families of plants are distributed world-wide.

Western Briefs

ASHCROFT, B.C.—A king-size tomato of the yellow variety was harvested by a local gardener. It weighed 1 pound 5 ounces.

SASKATOON.—Fur farmers in Saskatchewan are finding that fox farming no longer pays and nearly all of them are specializing in mink. It costs from \$20 to \$30 to raise a fox and the market value averages \$75.

REVELSTOKE, B.C.—Mrs. J. Burbridge, a pioneer resident of Beaton—about 40 miles from Revelstoke—saw Revelstoke for the first time in 50 years when she was brought to Queen Victoria Hospital recently. She was accompanied by Mrs. D. A. McIntosh.

EDMONTON.—There's big-game hunting in the Canadian north, but Canadians don't seem to care for it. Denis Gallison, who has lined up parties of United States hunters for years, says he's never had a Canadian customer.

WINNIPEG.—Arthur Neimans, a farmer from Rosenfeld, Man., has welcomed five displaced persons to his home—a young married couple with three children. "I've never seen them before, but we have lots of room and there's lots of work for people who want to work," he said.

The X-ray is used in detection of fraud in painting as it shows under-painting not visible on the surface.

ROLL YOUR OWN BETTER CIGARETTES WITH

CIGARETTE TOBACCO

—By Chuck Thurston

MOST MOTHERS DO THIS

If Baby Has A Cold

Best-known home remedy you can use to relieve distress of children's colds is comforting Vicks VapoRub. Even while you rub it on, VapoRub starts to work to ease distress, and it keeps on working during the night. No wonder most mothers do this when a cold strikes.

VICKS VapoRub

Tonight, try VapoRub

LEFTOVERS TRANSFORMED

Last night's leftover roast makes tonight's "Magic" Meat Rolls

- 1 lb. soft butter
- 1 cup chopped leftover meat
- 2 tbs. chopped onions
- 2 cups flour
- 4 tsp. Magic Baking Powder
- 1/2 tsp. salt
- 4 tbs. shortening
- 1/2 cup milk or half milk and water

Mix meat, onion, butter. Sift together dry ingredients, mix in shortening; add liquid; make soft dough. Turn on floured board; knead lightly. Roll 1/2 inch thick, spread with meat mixture. Roll like jelly roll, cut in slices. Bake on baking sheet in hot oven (425° F.) for about 14 minutes. Serve with tomato sauce.

HOLLAND'S NEW QUEEN WITH HER CONSORT—Proclaimed as Queen of Holland, Juliana is shown in this most recent photograph with her consort, Prince Bernhard. Dutch tradition forbids a coronation, but the investiture was greeted by a general celebration in Amsterdam and throughout the Netherlands. A second cause for jubilation was the sixty-eighth birthday of Queen Wilhelmina, who abdicated Sept. 4.—S.N.S. photo.

ONE OF THE FEATURED HORSES AT YEARNING SALE—Thanks mainly to a number of exceptionally fine looking yearlings consigned by Frank Conklin, and to such bidders as E. P. Taylor, Toronto, Ont., Austin Taylor, Jr., of Vancouver, George McCullagh, Charlie Hensstead and M. Irwin of Wallaceburg, the improvement of the breed of thoroughbred will go on apace. For two hours of the afternoon session of the Canadian Thoroughbred Horse society's fifth annual yearling sale held at Toronto, you'd have thought the breeders were selling pintos. And truth to tell, a number of the specimens looked it. Above Elizabeth Lawson is seen with Council Man, which was sold for \$1,200.—S.N.S. photo.

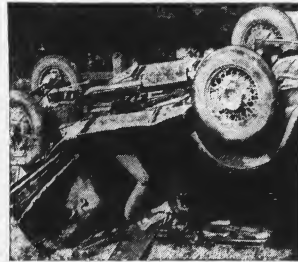

HOLDING DAD'S CHAMPION—Holding their father's grand champion Hereford bull, Jarvis Britisher Mischief 215, are Fred, five, and Glenda, seven, children of G. C. Reicheld, Jarvis, Ont. Among junior farmers taking part in events at the Canadian National Exhibition were three girls who judged cattle. Biggest winner of the show was J. M. Fraser of Streetsville, Ont.—S.N.S. photo.

CROWNING A NEW "MISS AMERICA"—Minnesota's lovely and talented Beatrice (Bebe) Shopp, 18, is crowned "Miss America of 1945" by Barbara Jo Walker, last year's winner after the finals in the annual beauty pageant in Atlantic City, N.J. In addition to the title, the new queen won a \$5,000 scholarship, a \$3,000 automobile and the interest of talent scouts. S.N.S. photo.

HO-HE FROM HOLLAND—Back home from Amsterdam, where she represented the King at the coronation of Queen Juliana of the Netherlands, Princess Margaret is seen as she left her plane at the London airport. Her second trip abroad is scheduled for October when she will visit France. At home, she will be bridesmaid to Princess Elizabeth's lady-in-waiting who is to be wed to Princess Elizabeth's secretary.—S.N.S. photo.

SON OF MAYOR CHARGED WITH MANSLAUGHTER—Douglas Lamb, son of Mayor Charles Lamb, of Lindsay, Ont., and an employee of the works department, was lodged in jail at Lindsay by provincial police and charged with motor manslaughter, driving while intoxicated and dangerous driving. His arrest followed a day-light accident that took the life of John Hontoon, 61, also a member of the works department. Provincial Constable W. G. Milton said Lamb was the driver of a car that went out of control on Highway 36 at the town limits. Above is the car seen after the accident.—S.N.S. photo.

CROSSES ATLANTIC TO ATTEND PREMIERE—Patricia Roc is seen presenting a rose to Mayor McCallum of Toronto at the North American premiere of the English movie "Oliver Twist". Miss Roc, famous English star, crossed the ocean for the showing of this famous picture at Toronto.—S.N.S. photo.

"CANADIAN" FOR 40 YEARS, PIPES WAY BACK TO U.K.—In Canada for over 40 years, Pimper Major Cant was piped aboard the steamer Nova Scotia when he left Canada to return to England. Docking at Liverpool, he piped himself ashore. Here he is seen playing his bagpipes on the ship's deck as he celebrated his return to Britain. Passengers ready to go ashore are enjoying his little ceremony.—S.N.S. photo.

WINS \$1,320 IN SCHOLARSHIPS—Julie Richardson, Cobourg, Ont., collegiate student, has won scholarships totalling \$1,320 as a result of her marks in upper school examinations. Julia took eight firsts and one second class honor. The awards are the Dominion provincial scholarship, \$400; Catholic Women's league, Peterboro diocese scholarship, \$200; the Font Duane scholarship for \$720.—S.N.S. photo.

WINS BEAUTY CROWN—Lorna Coleman of Allenford, Ont., reigns as Miss Owen Sound after being selected by the judges at the annual beauty contest. She received \$50, a trophy and a bouquet of roses.—S.N.S. photo.

DEFENDERS OF BRITAIN STAR IN AIR TEST BATTLE—Defenders of Britain against "Southland" in a three-day battle waged to test defences against air attack, pilots study map under the tail of a Jet Meteor before taking off from a "Northland" fighter airbase. They were the biggest exercises ever executed since the war.—Reuter photo from S.N.S.

Hospital Notes

Mrs. Gordon Marconi was admitted to hospital on Sunday and underwent an appendectomy on Monday morning.

Mr. W. Androsnak was admitted to hospital as a patient on Wednesday, Sept. 22.

Mr. A. Oprencak was admitted to hospital on Saturday.

Mrs. Ernest Hill was admitted to hospital on Monday evening and was operated upon Wednesday morning.

Mrs. Matt Krohnak has been a hospital patient and expected to be permitted home on Wednesday morning.

Mrs. E. Fabro was admitted to hospital last Thursday and underwent an operation on Friday morning.

Mrs. Tom Price, of Bellevue, was admitted to hospital last week and underwent an operation on Thursday morning.

REBEKAH LODGE NOTES

Parting gifts were presented to two Sisters at a farewell party held at the close of the regular meeting of Victoria Rebekah Lodge No. 7 on Tuesday, Sept. 21.

Sister E. Lonsbury, P.N.G., made the presentation to Sister Gladys Douglas, who has since left Coleman with her husband and family for residence at Langley Prairie. Sister L. Boulton, P.N.G., presented Sister Jackson with a farewell gift in appreciation of her loyal support of the local lodge. Sister Jackson is a member of Ray of Hope Rebekah lodge No. 67, Bellevue, and was a frequent visitor or at Victoria Rebekah Lodge. She leaves Coleman to make her home at Nordegg.

At the close of the evening a delicious lunch was served and enjoyed by all.

The Journal acknowledges thanks renewal subscriptions from Mrs. Tom Goldring of Nanaimo; Mrs. S. Newton, of Lethbridge; Mr. A. E. Ferguson, of Prince Rupert; Mr. Foss Boulton of Calgary; and a new subscription from Mrs. John McNaughton, of Eureka, Montana.

ST. PAUL'S UNITED CHURCH

Rev. R. Magowan, D.D., Pastor 11 a.m. Communion. Meditation "Finding God".

12.15 noon Sunday school. 7.30 p.m. Guest-preacher, Rev. T. M. Murray of Owen Sound, first Pastor of this church.

A warm welcome awaits the visiting minister who forty-two years ago opened the new Church, which had been erected under his guidance.

Mr. Murray will assist at the Communion service in the morning, and will be the special and honored guest-preacher in the evening.

Following the evening service a social time will be held in the Club Room of the Church, thus affording all, and particularly old-time friends the opportunity of renewing former associations and reviving happy memories.

Let the congregation crowd the Church on Sunday next, and make the day a Red Letter one in the life of this veteran of the Cross.

ST. ALBAN'S CHURCH

Coleman, Alberta. 19th Sunday after Trinity 11 a.m. Holy Eucharist.

2 p.m. Sunday school. Rev. A. S. Dewdney, M.A. B.D. Confirmation classes will be held each Monday in the Parish hall.

Children — 4.15 p.m. Adults — 7 p.m.

The Altar flowers were given by Mrs. Kennedy and Mrs. D. Sudworth. Those of the latter were in memory of her father, John William Makin, died Sept. 7th, 1943. R.I.P.

... today, and often every day. It's a real treat anytime. Pepsi's quick delicious flavour really satisfies your thirst, doesn't just tease it. So whenever you're thirsty, drink a Pepsi.

"Pepsi-Cola" and "Pepsi" are the registered trade marks in Canada of Pepsi-Cola Company of Canada, Limited.

Your banker works

For You

As a depositor or borrower, you value privacy in money matters. Your banker protects that privacy. Your banking transactions are not open to the eyes and ears of your competitor, your neighbor, your community.

In other words, the manager of your branch bank and his whole staff are working for you.

Contrast this Canadian way with conditions in lands where freedom is denied—where every bank is a political tool, every banker a public official working for the State! State monopoly of banking, proposed by Socialists here, would open your banking transactions to political intrusion.

by Don Graham

When you make a serious mistake do you brood over it? Or do you try to ignore it?

Actually, neither of these reactions is desirable. You will be wiser to follow these simple rules:

1. After making a mistake, admit that you made it. If it causes trouble or inconvenience to others, make an honest confession to those involved. Don't try to "pass the buck". If it involves no other people, admit your error to yourself.

2. Try to profit by your mistakes. We learn many of life's most valuable lessons through trial and error. Even big mistakes can serve a useful purpose by making us wiser and more alert.

3. Don't worry excessively. "To err is human." Others concerned soon forgive and forget.

Remember, too, that you can often prevent things from going wrong in the first place by cultivating greater concentration and thoroughness in everything you do.

Sometimes mistakes have tragic consequences. Many widows have a difficult time providing for themselves and their children because their husbands left them so little to live on. This mistake is never made by men who own adequate life insurance.

must live away from home to attend school will receive a "boarding allowance" of \$7 a month from Kamloops district school board. Policy was laid down following application of a Hefley Creek student. Authority to pay such allowance was given by the Legislature early this year.

By JANE DALE

A letter from you, though you live
miles away,
Is just like a handiapp, vivid and
gay;
A bond which brings your heart
closer to mine;
A salute which makes the sun
brighter shine.
No petulant misery the pages you
mar,
But friendship and love shines forth
like a star.
Just a glimpse of your presence each
letter seems
To add to the memories of you in my
dreams.

CONSOMME

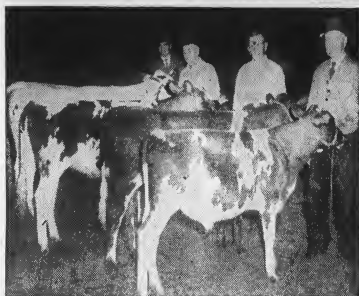

1 or 2 pounds marrow bones,
cracked
2 pounds shin beef, cut in small
pieces
½ or 2 pounds veal knuckle
3 quarts cold water
½ cup chopped celery
½ cup diced carrots
½ cup chopped onion
½ cup diced white turnips
2 sprigs parsley, chopped
5 whole cloves
8 to 10 peppercorns
1 bay leaf
¼ teaspoon marjoram
¼ teaspoon thyme
1 tablespoon salt

Scrap marrow from bones, melt in kettle over moderate heat. Brown half beef and veal in marrow fat; add remaining meat, marrow bones and cold water; cover and bring slowly to boil; remove scum. Add vegetables and seasonings (for added flavor, vegetables may be simmered in 2 tablespoons butter for 10 minutes before adding to soup); cover and simmer gently about 4 hours; remove scum occasionally. Strain chile, remove fat, and strain again as directed.

2 cups tomatoes
2 teaspoons sugar
¼ teaspoon soda
1 quart milk
1 slice onion
4 tablespoons flour
1 teaspoon salt
¼ teaspoon pepper
¼ cup butter

Scald milk with onion, remove and thicken milk with flour (which has been mixed to thin past with water) being careful that the mixture is free from lumps. Cook 20 minutes in double boiler, stirring constantly at first. Cook tomatoes with sugar 15 minutes, add soda, and onion, salt and pepper. Serves six to eight persons.

VICTORIA, B.C.—One hundred and sixty students have registered so far at the Provincial Normal School, the highest enrolment in 26 years. According to H. O. English, principal, registrations still are not complete. Enrolment to date is 20 higher than last year and nearly twice the 10-year average for the years preceding 1945. 275

WIDELY-KNOWN—Three widely-known Shannon Bros., of Cloverdale, B.C., holding three of the four daughters from one sire that won first in that Ayshire class, at the Pacific National Exhibition. Front: Sam; next, Jack, and third, George.

SENIOR AND GRAND CHAMPION — Fraserside Jessie, senior and grand champion Guernsey cow at the P.N.E., also winner of the trophy for the best uddered cow of the breed, owned by Hay Bros., Sunnybrook Farm Dairy, Vancouver.

Some of us occasionally have the dining table with a slight reminder of the menu splattered over our sartorial facade. Others have the unhappy facility of squatting on large pieces of furniture, giving ground to these unfortunate accidents. It is only the fact that there are any number of well-intentioned characters on the loose, each with a sure fire panacea for cleaning spots from clothing.

Some of the most common methods

not only an effective chemical, but also one that will not damage the fabric. The prompter the treatment the easier the task. When in doubt about the best method, take the garment to a professional cleaner. Every wool garment should be cleaned and spotted (that is, checked to see if all spots are removed) by an expert before storing at the end of a season. If you are attacked, they will attack you. If you are not attacked, they will attack you.

By WILLIAM
FERGUSON

ANSWER: You can travel east indefinitely, but you can go north only until you reach the Pole.

ONE MORE HOUR OF THIS BABY-SITTING TO GO!

GLENVILLE, W. Va. -- Eighteen-year-old Nellie Ross came to Glenville State College certain she wanted an education.

The college financial secretary pitched in to help count the 2,121 dimes Nellie plunked down to pay for board, room, books and tuition.

She said she'd been collecting them for years with her parents' help.

The original Monitor, the ship that changed warcraft design and construction, was built in 100 days.

OTTAWA.—An optimistic forecast that by this time next year Canada will have taken in a total of 100,000 European refugees as immigrants was made here by Dr. H. L. Keenleyside, Deputy Minister of Mines and Resources, who has jurisdiction over the immigration branch.

Commenting on a report from Geneva that it would take "the next few years" to reach this figure, the Deputy Minister said that it would not take that long and that he thought the 100,000 mark would be reached

Dr. Keenleyside pointed out that Canada's expanding immigration policy was producing highly satisfactory results as the shipping situation steadily improved, and that already, during the first eight months of this year up to the end of August, over 80,000 new settlers had arrived, including refugees.

This is well ahead of any other year since 1930, when 105,000 immigrants came into the country, and it is expected that this figure will be well passed by the end of December.

HARDBOARD MADE FROM WASTE CHIPS

VANCOUVER. — A new building material, made from waste woodchips and selling cheaper than plywood, is in quantity production at the Canadian Forest Products plant at New Westminster.

Called "hardboard", this new product will be turned out at the rate of 40,000 square feet a day.

It will be shipped throughout B.C., to eastern Canada, and all over the world by the Pacific Veneer and Plywood Division.

The hardboard process, which makes waste chips into a high-quality building material, is something new in Canada. It was first developed by an Oregon lumber company, and adopted by Canadian Forest Products to make use of the large volume of waste material resulting from its main operations.

SUITABLY GARBED for the job, John Kelly of Stettler, Alta., sets about capturing a swarm of bees in the hush. The undertaking wasn't any too profitable because there was very little honey; just four pounds of wax.

VICTORIA.—Lumber production in British Columbia during 1947 showed an increase in value of more than 100 per cent over 1946.

\$68,000,000 from \$87,013,502 in 1946 to \$155,761,222 in 1947, according to the annual report of the British Columbia Forest Service.

Total value of all products was \$282,288,388 as compared with \$173,471,370 in 1946.

The average stumpage price bid on timber sales was \$2.80 per thousand, an increase of 41 cents per thousand or 17 per cent. over 1946.

Total timber cut, including all species, was 4,187,816,199 foot board measure, an increase of one billion feet, an all-time record and an increase of more than 30 per cent. over the cut in 1946.

The world's surface is 71 per cent. oceans, 29 per cent. land!

PRISCILLA'S POP—She's Just Wonderful

Thunder! But we

I know.

The National Film Board

THE WORK OF THE NATIONAL FILM BOARD is known to most Canadians, who have seen documentary and educational films produced by this organization. These pictures have contributed extensively toward the spreading of education and culture in Canada and have played an important part in familiarizing people with the beauties of the country as well as with its cultural and industrial progress. While such pictures are seen by many Canadians each year, it is perhaps not generally known that pictures made by the National Film Board also reach large audiences outside of Canada and do much not only to acquaint people of other countries with the Dominion, but play an important part in advertising Canadian products abroad and increasing foreign trade.

Show Products Canada Sells

It is estimated that 70,000,000 people in 60 countries each year see films made by the National Film Board, showing products which Canada has to sell. These films are made in co-operation with various government departments and with industries, and have proved to be of great value in advertising Canadian products abroad. Such films as "The Canadian Wheat Story", "Tomorrow's Timber" and "The Fur Trade" have advertised the products of these primary Canadian industries to people of many countries, as have "Red Runs the River" which tells of salmon fishing in British Columbia and "Fashions by Canada" which brought many orders for clothes made in Canada. These films not only help to sell Canadian goods, but they attract people from other countries to come here as tourists and as permanent settlers.

Great Progress Made In Britain

The documentary film is a branch of motion picture production which has wide appeal and which has assumed importance in recording the cultural, social and industrial progress of a nation, for the benefit of its own people as well as those of other countries. Reality and honesty are essential features of such films and a high degree of skill and experience are required to make them successfully. Since the war, Britain has made notable progress in this field and credit is given to producers there for contributing a great deal to this branch of film production. The work of Canada's National Film Board likewise conforms to high standards and is instrumental in building up a broader and more authentic knowledge of Canada and the Canadian way of life both here and in the many foreign countries to which Canadian films are sent.

Farmers' Cash Income Advance

OTTAWA.—Farmers' cash income from the sale of their produce advanced steadily to a total of \$974,212,000 in the first half of 1948 from \$732,704,000 in the corresponding period last year and \$620,195,000 in 1946, the Bureau of Statistics reports.

According to the supplementary cash payments under the Prairie Farm Assistance Act, the Wheat Acreage Reduction Act and the Prairie Farm Income Act, the total cash receipts for the first half of this year were \$989,572,400 against \$742,626,000 in 1947 and \$636,244,000 in 1946.

A large share of the increase was attributed to substantial sums paid out in western Canada by the Canadian Wheat Board in connection with adjusting participation and final equalization payments on wheat, flaxseed and oats.

HUMAN BEINGS COULD USE THIS HANDY EYE

According to the Calgary Albertan a museum expedition has brought back from Africa a fly whose eyes are placed at the ends of long stalks that flare sharply to the right and left. They permit the insect to stand still and see around corners.

Life on our planet might be a good deal safer and happier if nature had seen fit to graft stalk eyes on homo sapiens instead of a member of the misanthropic family. Think what a boon such an optical arrangement would have been for pedestrians, motorists and diplomats.

A GOOD SUBSTITUTE

IPSWICH, England.—A furniture company has set up a carrier-pigeon service between its branch here and London head office because of delay in getting a telephone installed. They have 70 birds. Each takes about 1 1/2 hours to get a message through.

Canada has an area of 3,695,189 square miles. 2796

YOU WOMEN WHO SUFFER HOT FLASHES then FEEL CHILLY—

Here's Good News!

Are you between the ages of 38 and 52 and going through that trying functional "middle-age" period peculiar to women? Does this make you suffer from hot flashes, feel clammy, so nervous, irritable, weak? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. It's famous for this! Many wise "middle-age" women take Pinkham's Compound regularly to help build up resistance against this distress.

Pinkham's Compound contains no opiates—no habit-forming drugs.

Lydia E. Pinkham's VEGETABLE COMPOUND

FUNNY And OTHERWISE

Cannibal Prince: "Am I too late for dinner?"

Cannibal King: "Yes, everyone's eaten."

"Your daughter, sir, has consented to marry me."

"Good. That makes you the second happiest man in the world."

At the end of the cricket match, a conceited player, who had batted badly and fielded even worse, approached the captain.

"I think I'll go along now, if you don't mind," he said. "I've got a train to catch."

"That's quite all right," answered the captain. "Better luck with the train."

Irving: "How did you make out with your school exams?"

Bill: "Oh, just like Napoleon."

Irving: "What do you mean?"

Bill: "I went down in history."

Simpleton: "I noticed you advertised for a man to retail imported canned goods."

Proprietor: "Do you want the job?"

Simpleton: "No, I was merely curious to learn how the canners lost their tails."

"This is the radiator and here is the fan," explained the car salesman.

"That's fine!" announced the lady. "I've always wanted an all-season car."

Irate Caller: "You spoiled my article by a misprint."

Editor: "I'm sorry. What did we get wrong?"

Caller: "A proverb I employed. You printed it 'A word to the wife is sufficient'."

Judge: "What possible excuse do you fellows have for acquitting that murderer?"

Juryman: "Insanity."

Judge: "Really? The whole 12 of you?"

The Scottish farmer had fallen into the well. Treading water vigorously, he shouted for his wife.

"Hold on!" she cried. "I'll call the men from the field."

"Wait a minute," he said. "What's the time?"

"Eleven-thirty."

"Then bide a wee, I'll swim room till dinner-time."

It helps nature (you know what we mean). This great medicine also has what Doctors call a stomachic tonic effect.

NOTE: Do not miss Lydia E. PINKHAM'S TABLETS with added iron.

Forecast 1948 Wheat Crop At 391,000,000 Bu.

OTTAWA.—A 1948 wheat crop of 391,000,000 bushels—more than 50,000,000 bushels over the average of 1947—has been forecast by the Bureau of Statistics.

The forecast was made in the bureau's second estimate of Canada's field crops. The first estimate, made Aug. 17, placed the wheat crop at 372,000,000 and the bureau attributed the larger prospects to exceptionally good maturing and harvest weather during August.

The wheat estimate includes 862,661,000 bushels of spring wheat, produced mainly on the three prairie provinces, and 28,331,000 bushels of winter wheat which comes mostly from Ontario.

The enhanced crop prospects, which mean more money in the pockets of Canadian farmers, included estimates that the oats crop would total 361,728,000 bushels compared with 282,714,000 last year, barley 157,123,000 bushels against 141,451,000, rye 26,808,000 against 13,217,000 and flaxseed 17,748,000 against 12,240,800.

The estimate of fall crop included 20,651,000 bushels of fall rye and 5,957,000 from spring production.

Production of the five leading grains on the prairies follows, with 1947 totals in brackets:

Three provinces—wheat 358,000,000 (319,000,000); oats 225,000,000 (194,000,000); barley 144,000,000 (131,000,000); rye 23,600,000 (11,630,000); flaxseed 17,000,000 (11,550,000).

Average yields per acre, in bushels, are estimated as follows with the 1947 figures in brackets:

Wheat 16.2 (14.0); oats 23.3 (25.2); barley 24.2 (18.9); rye 12.7 (11.4); dry peas 19.9 (14.0); dry beans 18.7 (15.0); soy beans 21.0 (18.2); buckwheat 23.1 (17.9); mixed grains 40.6 (30.4); flaxseed 9.2 (7.8); shelled corn 51.0 (37.9).

BEAVER NOT IMPRESSED WITH MANITOBA CAPITAL

RATHWELL, Man.—A distinguished visitor from southern Manitoba has paid a visit to the capital of the province—and as far as can be ascertained he was not impressed.

He wore a brown coat, a tired expression, and took a jaundiced view of Winnipeg. He was "A1064", one of the largest beaver ever caught in southern Manitoba.

The beaver is about five feet long, weighs 78 pounds and is as powerful as a man. "A1064" is about 10 years old, a respectable age in any beaver colony.

He was caught south of here on the Boyne River by Douglas Ferrell, a game guardian. Beaver are becoming a nuisance in the south of the province. The game and fisheries branch is caging them and shipping them north, where they will increase.

CIGARETTE SMOKING ON THE INCREASE IN CANADA

OTTAWA.—Despite high costs, cigarette smoking appears to be increasing in Canada.

The Bureau of Statistics reported that in the first seven months of the year 8,785,000,000 cigarettes were released, compared with 8,821,000,000 in the corresponding period of 1947.

DOES INDIGESTION WALLOP YOU BELOW THE BELT?

Help Your Forgotten "28" For The Kind Of Relief That Helps Make You Ramble To Go

More than half of your digestion is done below the belt—in your 28 feet of bowels. So when indigestion strikes, try something that helps digestion in the stomach AND below the belt.

What you may need is Carter's Little Liver Pills to give needed help to that "forgotten 28 feet" of bowels.

Take one Carter's Little Liver Pill before and after meals. Take them according to directions. They help wake up a lagging flow of the 3 main digestive juices in your stomach AND bowels—help you digest what you have eaten. So Nature's way.

Then most folks get the kind of relief that makes you feel better from your own bowels. Just be sure you get the genuine Carter's Little Liver Pills from your druggist—35¢.

THE TILLERS

YOU'VE FLIPPED JUST PHONED AND WANTS TO SPEND THE DAY SHOPPING WITH HER PAW.

YOU GO RIGHT AHEAD. I'LL GET MY OWN OWNER.

ARE YOU SURE YOU CAN?

OF COURSE I CAN! IF MY ANCESTORS COULD ROUGH IT, SO CAN I.

WHEN MY FOREFATHERS WERE FIGHTING INDIANS OR HUNTING BEAVERS, THEY DON'T HAVE WOMEN COOKING FOR THEM—WHEN THEY BLAZED NEW TRAILS ACROSS THE BURNING SANDS THEY RELIED ON THEIR OWN INGENUITY! AM I NOT AS MUCH A MAN AS THEY?

WHAT WILL YOU GET?

A COUPLE HAMBURGERS AND A CUP OF COFFEE—THERE'S MY DINNER!

—By Les Carroll

Notes For Mothers Packing Lunches For School Children

MANY school children find it impossible to get home in the daily luncheon period and, therefore, must take their lunch to school. And, for uncounted years school lunches have been a problem to many mothers.

Once a year, Health News Magazine offers mothers advice about school lunches and we with them present the ideas of the Nutrition Division of the Saskatchewan Department of Public Health on the subject.

The Saskatchewan department deals with the subject in an attractive four-page pamphlet—"Notes for Lunch-Packing Mothers". Here they are:

The Lunch Pail

What kind?—Metal is the best because it must be washed and scalded regularly. There should be air holes for ventilation. And, don't forget a handle! It makes it much easier to carry.

How To Pack

Line with wax paper or serviette. Wrap each food separately. Put heavier foods on the bottom—foods easily crushed on the top.

A Good Lunch

What's that? One that contains enough food and the right kind. Milk—for bones and teeth. A vegetable or a fruit—both if possible. Bread—whole grain or Canada Approved. Protein—such as meat, fish, cheese, eggs or peanut butter. Hot food—cocoa, soups, scalloped dishes.

The Jar Method

Each child carries a jar of food from home in his lunch kit. These jars can be reheated at school in a large kettle of hot water—a canner serves the purpose very well. It is necessary to have a rack in the bottom to keep the jars off the heat. This may be made of wire, or it may be just a piece of board about three-quarters of an inch thick. Holes in it will allow the water, as it heats, to come up around the jars. If put on the stove to heat at recess the food will be piping hot by noon. Then each child eats his food from his jar and takes it home to be washed, and refilled for tomorrow.

Equipment

A large kettle, canner, or a boiler with a rack.

Oven mitts or potholders for lifting out hot jars.

Ed's Note: The above method probably applies to schools in rural areas, and not to city schools where stoves—other than in cafeterias—are

not available because of central heating systems. However, many thousands of rural children take lunches to school and this method is certainly applicable to them.)

What Foods For The Jar?

Here's the answer—Baked beans, milk pudding, shepherd's pie, vegetable stew, creamed chicken, vegetable chowder, spaghetti and meat with tomatoes, macaroni and cheese or tomatoes, creamed carrots or other vegetables, scalloped potatoes or other vegetables, liver or salmon loaf, creamed eggs, soup, cocoa with milk.

Luscious Lunches

Vegetable milk soup, crackers peanut butter on whole wheat bread, oatmeal cookie, apple. Recess snack—bran muffin.

Meat loaf sandwich on rye bread, carrot strips, rice and raisin pudding, bran muffin, milk. Recess snack—apple.

Macaroni and cheese, brown bread and butter, turnip strips, raisin biscuit, banana, milk. Recess snack—cookie.

Tomato soup, cheese on whole wheat bread, cabbage salad, cup cake, orange. Recess snack—cinnamon bun.

Sandwich Suggestions

Peanut butter and crisp bacon. Minced meat and grated carrot. Ground liver and pickle. Cheese and tomato. Lettuce and cucumber. Cheese and chopped nuts. Peanut butter and celery. Scrambled eggs with bacon. Cottage cheese and marmalade. Flaked fish and salad dressing. Grated cheese, raw carrots and salad dressing.

LOOK PLEASANT, PLEASE

BOSTON.—This sign was noted in front of a downtown church: "Look Pleasant, Please. The World's Looking at You."

BE A HAIRDRESSER

Ladies earn more money—learn hairdressing—a profession offering ambitious women unlimited opportunities. We positively guarantee complete, thorough training under direct supervision of nationally known instructors. Easy pay as you learn plan. Write or call for complete details and illustrated booklet.

LOCAL NEWS

Coleman Cleaners has taken delivery of a new Mercury delivery van.

Mr. Matt Kropinak was a Calgary business visitor the latter part of last week.

Mrs. Stewart Milley, of Calgary, was the weekend guest of Mr. and Mrs. Wm. Milley.

Mr. and Mrs. Fred Beddington, of Waterton National Park, were in town this week visiting relatives and friends.

Mrs. Ralph Watson, of Vancouver, has arrived in the Pass in order to be with her mother, Mrs. Tom Price, a patient in the local hospital.

Mr. and Mrs. Harry Douglas and family left by car last Thursday noon for Langley Prairie where they will reside on a 12 acres farm.

Nursing Sister Penelope McDonald left on Monday for Fort Nelson, B.C., following 2 weeks vacation with her parents, Mr. and Mrs. J. A. McDonald.

Mr. Charles Heck, of The Model Bakery, was a Calgary business visitor on Tuesday.

Mr. Harry Morfin, of Mossbank, Sask. has returned home following a vacation spent here with Mr. and Mrs. S. Castellano.

Mrs. J. Jackson sr. and Mrs. Bert Murray left Coleman on Monday for their home at Nord-egg. The former sold her Seventh street property last week to Mr. and Mrs. J. Owen.

Mr. and Mrs. Frank Kyncl and young son returned home at the weekend following a few days holiday with the former's parents, Mr. and Mrs. Joseph Kynal, at Didsbury.

Mr. F. F. Becker, of Vernon, was the recent guest of Mr. and Mrs. Tom Higginbotham. He has now returned home with Mrs. Becker and young daughter who had been vacationing with Mrs. Becker's parents, Mrs. Higginbotham, accompanied them on the return trip as far as Nelson where she is visiting her daughter, Mrs. Dempsey.

Mr. and Mrs. David Smith and baby left last week for Edmonton where David will resume his studies at the University.

Jim Kerr has gone back into the mountains on a two weeks big game hunting trip.

"THE FULLER BRUSH MAN" UPROARIOUS COMEDY-MYSTERY WITH FUN FOR ALL

Red Skelton, that miracle of mirth, was never funnier as he sets off a barrage of belly-laughs, giggles and guffaws in his latest rib-tickling laugh-riot, "The Fuller Brush Man," in which he is starred with Janet Blair. Patrons of the Roxy Theatre, where the Columbia comedy opens Saturday, shrieked with merriment as Red performed in his best side-splitting style.

WHAT A BREAK! It's the same Superb Maxwell House Coffee blend in either the Super-Vacuum Tin (Drip or Regular Grind) or the Glassine-lined Bag (All Purpose Grind).
